Claim Rejections - 35 USC § 112

1. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1, there is no antecedent support for "the bottom surface".

Claim 2, see claim 1 supra.

Claim 3 is indefinite. The specification fails to provide basis for a sealing assembly between the top and bottom surfaces. It appears that the groove and rib performs the sealing function when the tissue is placed therebetween.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

3. Claims 1,5,7 are rejected under 35 U.S.C. 102(b) as being anticipated by Owen.

Owen discloses the graft attachment as claimed.

3 Claims 1,5,6,9,16,17,18-25 are rejected under 35 U.S.C. 102(b) as being anticipated by Kaster.

 Kaster discloses a graft attachment and method for attaching a graft identical to that as broadly claimed.

4. Claims 2,3,4,8,10-15 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112 set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
